Behavioral Characteristics

This section explores John's behavioral style with each paragraph taking a different focus. The first paragraph provides a general behavioral description. The second paragraph explores John's approach to decision making and problem solving. The final paragraph explores John's approach to communication. Use this section to gain a general overview of John's natural leadership approach.

John embraces visions not always seen by others. John's creative mind allows him to see the "big picture." As a leader, John is committed to driving results and keeping the team focused on their objectives. As a leader, John views risk taking as essential to success, operating under the principle of "nothing ventured, nothing gained." He prefers an environment with variety and change. He is at his best when many projects are underway at once. John leads with a strong results-driven focus and a sense of urgency to complete tasks. He is deadline conscious and becomes irritated if deadlines are delayed or missed. Many people see him as a self-starter dedicated to achieving results. He needs to learn to relax and pace himself. He may expend too much energy trying to control himself and others. John seeks his own solutions to problems. In this way, his independent nature comes into play. He is a results-driven leader who believes in leveraging team strengths to achieve success.

John will work long hours until a tough problem is solved. After it is solved, John may become bored with any routine work that follows. He leads with an emphasis on speed in decision making, preferring a team that acts decisively. He embraces innovative solutions to long-standing problems, often looking for new approaches. He prefers authority equal to his responsibility. As a leader, John values decisiveness and prefers working with a team that can make quick decisions. He should realize that at times he needs to think a project through, beginning to end, before starting the project. Sometimes he may be so opinionated about a particular problem that he has difficulty letting others participate in the process. He is known for tackling difficult situations with persistence, driving them toward an outcome.

John tends to be intolerant of people who seem ambiguous or think too slowly. He challenges people who volunteer their opinions. His creative and active mind may hinder his ability to communicate to others effectively. He may present the information in a form that cannot be easily understood by some people. He may sometimes mask his feelings in friendly terms. If pressured, John's true feelings

Natural & Adapted Style

This section explores the four core behavioral spectrums and any shifts between John's natural and adapted approach. Use it to help John gain a deeper understanding of how he perceives the demands of his environment in relation to approaching problems, people, pace, and procedures.

D Problems & Challenges

Natural

John tends to approach problems in a direct, driven manner. He is forceful and goal-oriented, thriving in leadership roles that offer authority and constant challenges, highlighting assertiveness and ambition.

Adapted

John sees no need to change his approach to tackling problems in the current environment. He likely feels comfortable that his natural approach is fairly well suited to the current environment.

I People & Contacts

Natural

John naturally uses persuasion and emotion in leadership. He is positive and seeks to influence through personal charisma, demonstrating enthusiasm for projects and a persuasive leadership style.

Adapted

John sees no need to make major changes to his approach to interacting with people in the current environment. He likely feels that his natural style of engaging with others is well aligned with the expectations of the current setting.

This page helps you evaluate whether your behavior at home matches your behavior at work. It shares descriptions of your Natural and Adapted styles for each dimension of DISC.

Natural — your behavior at home/with loved ones

Adapted — your behavior at work/in professional settings

If you change your behavior, it's important to understand why. Ask yourself whether these changes are helpful or if they lead to discomfort.

While making temporary adjustments can have positive effects, consistently altering your behavior over long periods can result in stress, disengagement, and decreased job satisfaction.

Productivity Boosters

This section explores potential ways for John to enhance his productivity and effectiveness as a leader. It offers insights on strengths to leverage, limitations to mitigate, and perceptions to manage based on John's natural behavioral style. Use this section to help John identify and maximize his strengths while addressing any limitations or perceptions.

Empower Others

To challenge himself, John should focus on trusting team members by clearly delegating tasks and providing autonomy, which can promote confidence and help others grow in skill and responsibility.

Understanding his preferred approach:

1. He can be controlling and may resist delegating.
2. He often feels he can do things better himself.
3. He may struggle to trust others' abilities.

How he might increase his productivity:

1. Start delegating smaller tasks first to build trust and allow team members to gain confidence.
2. Avoid constant check-ins after delegating a task to demonstrate trust in others' capacity to handle tasks independently.
3. Praise team members for successful task completion to reinforce confidence in future delegations.

Be Decisive

As a potential strength, John should use his decisive action to clearly communicate next steps and set deadlines, ensuring momentum is maintained, which drives others' efficiency and ability to meet targets.

Understanding his preferred approach:

1. He thrives in fast-paced environments.
2. He prefers quick decisions and direct actions.
3. He often dislikes delays or over-analysis.

How he might increase his productivity:

1. Allow time for others to process decisions, ensuring involvement and avoiding a sense of being rushed.
